DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 26 April 2007 has been entered.

Response to Amendment

2. The 35 USC 101 and 35 USC 112 rejections are withdrawn after considering amendments.

Allowable Subject Matter

3. The following is a statement of reasons for the indication of allowable subject matter:

Barring any significant changes due to the correction of the above-stated 35 USC 101 and 35 USC 112 rejections, the primary reasons for an indication of allowable subject matter of claims 1, 7, and 13 in the instant application rest at least in the combination with the inclusion of the limitation that "reducing said branch operand field BO to include only a set of valid values using said current resource values and based

upon said user selected constraints; said branch operand field BO defining conditions under which a branch is taken for said branch conditional instruction." The prior art of record neither anticipates nor renders obvious the above-recited combination.

Because claims 2-6, 8-12, and 14-18 depend directly or indirectly on any of the claim1, 7, and 13, these claims are considered allowable for at least the same reasons noted above with respect to claims 1, 7, and 13.
